  - a. Billerica Mall parking lot – space numbers, location, marking / signs (Mark L.)**
  - b. O'Conner's Plaza and Town Center businesses – parking, including out front (Mark L.)**
- 8. From Andrew Jennings - I walked down the east side of Boston Road earlier this morning from the Common to Collins Bowladrome this morning. It was barely passable for a pedestrian, and I would think impassable for someone using a wheelchair. When the opportunity came to cross over to the west side, I did, but the situation was not better there as I continued through the construction zone. I would appreciate hearing from the DPW what their policies are regarding keeping wheelchair access open during construction projects. (And although the roadway had been striped, the crosswalks were not, making it dangerous for pedestrians who need to cross in the construction zone.)**
- 9. Also from Andrew Jennings, a question about the new pedestrian light buttons on the lights at the intersection of Boston Rd. and Treble Cove.**

10. Andrew reported a problem w/ over-growth around the Pedestrian call button and sidewalk conditions at Boston Road and Bridge Street. There have been emails since that Mass. DOT will be addressing, STATUS?
  11. I had a contact from Bethany Slack, "Community Services Coordinator" w/ the Billerica Board of Health, she said she used to work w/ Steve, and wants to connect w/ us to see how we can help each other.
  12. There was a recent survey on MA Commissions run by the Danvers Accessibility Commission, results have been released (sent out separately) any thoughts?
