Project Purpose (check those that apply): <input type="checkbox"/> Acquisition <input type="checkbox"/> Creation <input checked="" type="checkbox"/> Preservation <input type="checkbox"/> Support <input checked="" type="checkbox"/> Rehabilitation/Restoration			
Project Summary: The Bennett Public Library is in need of some immediate repairs to stabilize the facility and prevent further damage. The current status is due to an electrical fire that occurred and resulting in the utilities being shutoff. The fire also caused damage to the interior of the building and has resulted in the electricity and water being shut off. The goal of this grant would be to properly winterize the building and complete immediate repairs necessary to prevent further failure. It would be used to perform a 'discovery' assessment in order to determine the preservation work required to repair the fire damage and return the building to its former state and usefulness for town organizations and residents.
