December 17, 2025

Jillian Pavidis
Chairman
365 Boston Road, rm# 207
Billerica, MA 01821

Dear Jillian:

This letter is sent to the Town on behalf of Philip Atherholt, the owner of an affordable property under Chapter 40B, to inform you of the owner's intent to sell the affordable home. The home is located at 41 Boston Road, Unit 464, and is part of Barrett Farm Condominium, a Chapter 40B development where Citizens' Housing and Planning Association (CHAPA) serves as the Monitoring Agent.

Based on the affordable housing deed rider for 41 Boston Road, Unit 464, CHAPA has determined that the Maximum Resale Price for the above-referenced property is \$333,270. According to this property's deed rider, the Town of Billerica has a 60-day Right of First Refusal; this means the Town has 60 days to decide if it would like to purchase the property from the homeowner at the Maximum Resale Price.

Please consider this letter as notification of the Town of Billerica's 60-day right of first refusal, effective December 17, 2025; through February 16th, 2026. *If we do not hear from you within this period, we will assume you do not wish to exercise your right of first refusal.*

As you may expect, the homeowner is anxious to hear back from the Town of Billerica as soon as possible and move forward in marketing the property to find a new buyer. **This process cannot begin until we hear back from you.** Please contact me with your response in writing to the Right of First Refusal at rmccormick@chapa.org.

If the Town does not exercise its right of first refusal, CHAPA will assist the homeowner with the resale of this property. The homeowner will have 120 days to market the property in order to locate an Eligible Purchaser. When a new purchaser buys an affordable property, a new deed restriction is signed, recorded and the property remains on the Town of Billerica's subsidized housing inventory.

If an Eligible Purchaser fails to buy the home during the 120-day period (plus the option for a 60-day extension), the current owner of the property could sell the home on the open market for the fair market value. Any difference between the affordable price and the market price would be turned over to the Town. The home would no longer be deed-restricted and therefore would no longer be counted on Billerica's subsidized housing inventory.

However, CHAPA will make every effort to work with the current owner to instead sell to an Ineligible Purchaser subject to a new deed rider, preserving the affordable home in perpetuity.

We welcome any efforts the Town wishes to make in assisting us to locate a new Eligible Buyer for this affordable housing opportunity. Please feel free to contact **Carol Marine, Senior Program Manager**, at 617-690-8603 or cmarine@chapa.org, if you are interested in helping us market the property. We look forward to hearing back from you soon regarding your Right of First Refusal.

Sincerely,

Ron McCormick

From: Lt. Sean P Coffey

Re: VFW Solomon Post

Board Members,

I am writing to advise the Board that an application has been received from the VFW Solomon Post #8819, Incorporated, located at 12 Phiney Street, requesting approval of a proposed change in officers and manager. The VFW is a nonprofit veterans service organization comprised of eligible veterans and members of the active, Guard, and Reserve forces. The organization currently holds an on-premises Section 12 pouring license.

The proposed officers and manager are as follows:

- President: Ronald B. Stocker
- Senior Vice President: Ernest E. Cantrell
- Junior Vice President: James M. Proctor
- Treasurer: Deanna Follis
- Clerk: John H. Cunniff
- Director: William R. Baro
- Manager: Lawrence Keller
-

Background checks were conducted on all listed individuals, and no disqualifying information was identified that would impede approval of the requested changes.

I have personally reviewed the Town of Billerica's rules and regulations governing liquor licenses with Mr. Keller. He demonstrated an understanding of the importance of strict compliance with these regulations and is currently in possession of a valid TIPS Certification.

Based on the information outlined above, I recommend approval of the requested change of manager on the liquor license.

Respectfully submitted,
Lt. Sean P. Coffey

Commissioner
Alcoholic Beverages Control Commission (ABCC)
22 August 2025

Dear Commissioner,

I am writing today to acknowledge that, for several years, the Veterans of Foreign Wars Solomon Post #8819, Inc. has not been in compliance with Massachusetts regulations. We recognize the seriousness of this oversight and we are committed to preventing anything like this from ever reoccurring again.

Several years ago, the Post discovered that its funds were being mismanaged. In response, they immediately removed the officers responsible and prohibited them from ever from returning. Unbeknownst at that time, those individuals removed were also sole sources of institutional knowledge. They were responsible for managing all regulatory filings and ensuring compliance with all related procedures. At the time, the remaining officers were overwhelmed with their new responsibilities. They were unaware of the specific regulatory requirements and did not realize that the Post had fallen out of compliance.

Below, we outline the corrective actions we are implementing to align with all applicable procedures and prevent future violations.

To ensure ongoing compliance with all regulatory requirements, the Veterans of Foreign Wars Solomon Post #8819, Inc. has implemented the following procedures:

Each June, the Post will conduct elections to appoint its officers for the upcoming year. Elected positions include:

VFW Title (Corporate equivalent)

- Post Commander (President)
- Senior Vice Commander (Vice President)
- Junior Vice Commander (Assistant Vice President)
- Quartermaster (Treasurer)
- Clerk (Secretary; non-elected administrative role)

Following the election the incoming Post Commander, Quartermaster, and Acting Clerk will convene to review, verify, and complete all necessary election documentation.

The Post will submit election reports to the following entities:

- o The VFW State Representative (Adjutant)
- o The Massachusetts Secretary of State's Office
- o The Alcoholic Beverages Control Commission (ABCC)

These filings will be completed concurrently to ensure consistency and timeliness. Once they have completed all the filings, a consolidated report will be submitted to the Commander of the Veterans of Foreign Wars Solomon Post 8819. They will also be filed with the Post Clerk.

The officers and members of the VFW Solomon Post #8819, Inc. are committed to maintaining full compliance with all applicable regulations and to upholding the integrity of the Post's operations. Should you require any additional documentation or clarification, please do not hesitate to contact us.

Commissioner
Alcoholic Beverages Control Commission (ABCC)
22 August 2025

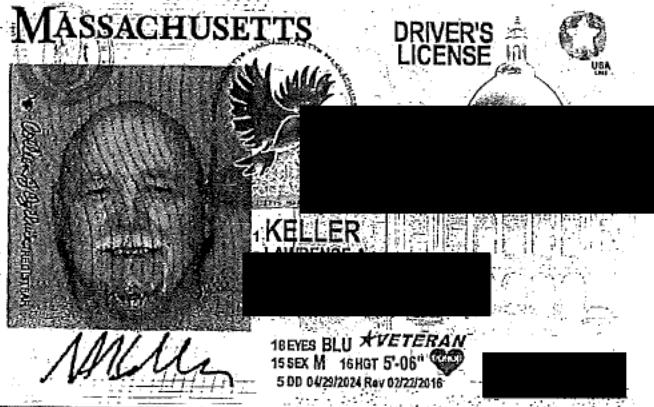

Dear Commissioner,

My name is Lawrence A. Keller and I am the current bar and function hall manager for Veterans of Foreign Wars Solomon Post # 8819, INC. (Post), in N. Billerica. I began this role a little over a year ago. Although I did not have prior experience as a bar manager when I started, I bring a solid background in management, including retail and customer service with me. While my previous positions did not specifically prepare me for the responsibilities involved in serving alcohol, I have taken the steps needed to ensure I meet Massachusetts' strict standards. I have successfully completed both Intervention Procedures for Alcohol Servers (TIPS) and Crowd Manager training. These courses instilled a strong understanding of the Massachusetts alcohol laws, ABCC regulations and state fire safety protocols. I have also completed training specific to the Post's operations, including inventory control and incident reporting.

I understand another concern is that the Post will not have a manager on duty the entire time it is open and serving alcohol. While I may not be physically present, I want to emphasize that all of our servers are TIPS certified and most bring several years of experience to their roles. I have full confidence in their ability to uphold the standards and responsibilities required to maintain a safe and compliant environment.

Thank you for your consideration,

Lawrence A. Keller

Reason for Applying

Growing up in Massachusetts and going to school in New England, I've grown to appreciate the traditions of self-government and local control that still exist to this day, doing the business of people throughout towns large and small throughout the region. I thought this would be a great way to educate others (and myself in the process) about the history of our town and region and how those histories are still important.

After attending a meeting, I decided that this is something I would be interested in participating with fellow Billericans to celebrate and observe the run up the 250th anniversary of the United States.

There is no specific date for select board approval, the licensee has to sign the renewal in November. Once your board approves please send it in with a brief memo explaining and we will add it to the renewals we have received.

Hi Ryan,

I have a question about one of my licenses.

One of my licenses just was approved in October and I had the owner sign a blank retail license renewal receipt back in November. Because an occupancy permit has not been issued yet for the space, I had his application set apart waiting for the occupancy permit to be issued. The occupancy permit still has not been issued and the space is still being built.

I inadvertently did not submit the license to the Select Board at the last meeting in December with all of the other licenses. This was a mistake on my part, because it was not in with all my regular licenses because it was being

held for occupancy. Can the Select Board approve it at their meeting on Monday, January 5th? The business is NOT open and is still being constructed, which I will hold the license in the office until an occupancy permit is issued and he did submit the required renewal paperwork in November.

I looked quickly at the 2026 Renewal paperwork that was sent out and I couldn't find that the Select Board must approve it before the end of the year because most times the businesses are open and that would be a requirement. This one is a little weird where the business is not yet open.

Please advise.

Thank you!

Re: Renewal of Liquor Licenses; Petty King Brewery

Dear Members of the Select Board,

You have asked whether the Select Board may amend a liquor license during the annual license renewal process to include additional conditions on sale and service. The answer to your question is no. To the extent the Board wishes to impose new restrictions on the liquor license, it may do so during a for cause hearing only.

Section 16A of Chapter 138 of the Massachusetts General Laws controls the renewal process for alcoholic beverages licenses and confers upon such licensees a *prima facia* right to renewal. The statute provides, in relevant part, as follows:

Licenses ... shall be automatically renewed for the next annual license period upon application by the holder thereof during the month of November ... provided that said license is of the same type as the expiring license and covers the same licensed premises. ... Any such application may, however, be rejected for cause, subject to appeal ... (emphasis added).

Accordingly, if the licensee has submitted a timely application for renewal and such application is deemed complete, the Board must either renew the license or reject the application for cause.¹ The law does not afford the Board the opportunity to amend the license terms. In other sections of Chapter 138, the Board is empowered to amend, modify, or suspend a license. Those rights are not present here, however. The Board must either approve or reject the application.

Based on conversations with the Town Manager, the main issue surrounding the Petty King Brewery's license stems from the description of the licensed premises. State law restricts all sales

¹ The Select Board may reject the license renewal application for cause only after sufficient due process. See *Piona v. Selectmen of Canton*, 333 Mass. 501, 511 (1956); *Konstantopoulos v. Whately*, 384 Mass. 123, 132 (1981).

and consumption of alcohol to the licensed premises. Any sale or consumption occurring outside the licensed premises may be grounds for modification, suspension, or revocation of the license. Therefore, I would suggest that the Board review the original application and its description of the licensed premises to see what was approved by the Board and the ABCC.

Please let me know if you would like me to perform this review² or if you have any other questions.

Sincerely,

Ivria Glass Fried

² Petty King Brewery's draft 2026 liquor license describes the premises as approximately 1,912 square feet of which 612 feet will be used as a tavern/pub and 300 square feet will be a blocked off area for brewery equipment. It is unclear whether this is based on the original application. Additional review is warranted.

Discussion and possible vote for pilot program for consent agenda-Requested by Jillian Pavidis

A Consent Agenda is a tool to improve meeting efficiency by grouping routine, non-controversial items into one section of the agenda and approving them with a single vote. All items remain clearly listed on the agenda, with full backup provided in advance, and any Board member may remove any item for separate discussion at any time before the vote. This process is fully compliant with the Massachusetts Open Meeting Law.

For reference, I attached sample agendas from other Massachusetts municipalities that currently use a Consent Agenda for the Board's review.

Examples of Items That May Be Placed on the Consent Agenda

- Approval of Meeting Minutes
Approval of minutes from prior Select Board meetings.
- Routine License Renewals and Permits
Such as Common Victualler renewals, entertainment licenses, taxi or livery renewals, amusement device renewals, one-day alcohol licenses, temporary sign permits, and Change of Manager or Change of Officers where no hearing is required.
- **Routine Appointments and Reappointments**

- **Acceptance of Gifts and Donations**
Acceptance of monetary or in-kind gifts for a stated public purpose.
- **Meeting Schedules and Calendar Items**
Approval of meeting schedules, calendar changes, or cancellation of meetings.
- **Receipt or Filing of Reports**
Routine reports from the Town Manager, departments, or committees that require acknowledgment but not discussion.
- **Other Routine Administrative Matters**
Any other non-controversial administrative or procedural items that do not require discussion, as determined by the Chair and Secretary.
-

Items That Would NOT Be Placed on the Consent Agenda

- Any item requiring a public hearing
- License transfers, suspensions, or revocations
- Policy changes or new programs
- Rate or fee setting (water, sewer, stormwater, etc.)
- Any item a Board member expects to discuss

After 2 Month Pilot

Good Evening,

Was looking to have a sign on the Common for the 250th celebration like many other Towns. So as a sub committee of Select board I would lie to assign them a directive. the Motion would be .

To direct the Select Board Subcommittee/ 250th Committee to coordinate with the Department of Public Works and any other appropriate Town departments, boards, or staff to install a 250th celebration sign on the Billerica Common, including determining appropriate location, size, installation methods, timeframes, design and to ensure compliance with all applicable Town policies and regulations, with removal of the signs to occur at the conclusion of the approved display period ending July of 2026.

if we could add Question and possible vote on the 250th Celebration sign on Common. it would be greatly appreciated

Best Regards

JB

MEMO

TO: Select Board

FROM: Dina M. Favreau, Member

SUBJECT: Entertainment License Requirements – Policy 22.32

DATE: December 31, 2025

Re: Violations of Select Board Policy 22.32 and MGL — Swanson Meadows Entertainment License

This memorandum is submitted to formally request the rescission of the Select Board's approval of the Swanson Meadows entertainment license granted on December 15, 2025, due to clear and material violations of Select Board policy and applicable Massachusetts law.

Select Board Policy 22.32 establishes mandatory procedural requirements for the consideration and approval of entertainment licenses. These requirements include, but are not limited to:

- Submission of a complete application and supporting documentation for Board review prior to any vote;
- Notification of abutters; and
- The scheduling and conduct of a duly noticed public hearing before approval is granted.

These requirements are not discretionary. They exist to ensure transparency, protect the public interest, and allow both the Board and affected residents to be fully informed before a license is issued.

At the meeting December 15, 2025, the Board approved the Swanson Meadows entertainment license without compliance with any of these required steps. The Board was not provided with the applicant's documentation,

FAX: 978-671-0947

Jillian K. Pavidis, Chair

John J. Burrows, Vice Chair

Daniel R. Darris O'Connor, Secretary

Dina M. Favreau, Member

Michael Rosa, Member

there was no evidence that abutters were notified, and no public hearing was scheduled or held. Proceeding to a vote under these circumstances was a direct violation of Policy 22.32.

Further, Massachusetts General Laws Chapter 140, Section 181 grants licensing authority over places of public entertainment but presumes that such authority will be exercised in accordance with established procedures and reasonable safeguards. Approving an entertainment license without notice, documentation, or a public hearing undermines that statutory framework and exposes the Town to legal and procedural risk.

Additionally, acting on a license without providing the public an opportunity to be heard is inconsistent with the transparency principles underlying the Open Meeting Law (MGL c. 30A, §§ 18–25), which are intended to ensure that governmental decisions are made openly and with meaningful public access.

Because the approval was granted in violation of mandatory local policy and without adherence to fundamental procedural requirements, it is procedurally invalid. As such, I am formally requesting that the Select Board rescind the approval issued on December 15, 2025, and require that any future consideration of this license occur only after:

1. A complete application and all supporting materials are submitted and reviewed by the Board;
2. Abutters are properly notified; and
3. A duly noticed public hearing is scheduled and conducted in full compliance with Policy 22.32 and applicable state law.

This request is made to protect the integrity of the Board's licensing authority, ensure compliance with established policy, and uphold the principles of transparency and due process owed to the public.

Good afternoon, Mr. Gordon,

Thank you for taking the time to share the email chain and for clearly outlining the concerns you and other residents are experiencing regarding access to the North Billerica Concord River boat launch. As a matter of housekeeping, I have removed the other Board members from this correspondence to avoid any potential Open Meeting Law issues.

I understand the frustration caused by the inconsistent responses regarding access, being told one day that the launch may be used and the next that it may not. As you note, this is not a Fire Department-owned or operated launch, and public access should not depend on ad hoc decisions or informal practices. A public launch is intended for public use, particularly for small boaters and kayakers such as yourself. Based on my meeting with personnel and a tour of the North Billerica Fire Station last year, my understanding was that the chain was routinely opened for residents accessing the river for recreational purposes, so I am disappointed to hear that this has become an issue.

I am also personally disheartened to hear that substance use is being cited as a justification for restricting public access. I share your concern that residents are being penalized for issues such as dumping or other illegal activity that are beyond their control. Those matters should be addressed directly through enforcement, patrols, or other appropriate measures, rather than by limiting lawful public access. I agree that the Fire Department should not be placed in the position of deciding who may use a public access point or when it may be opened.

Based on what you have described, I want you to know that I support your request for continued public access to the launch. Public facilities should remain available for public use unless there is a legitimate, clearly authorized, and evidence-based safety reason for a temporary closure. Generalized and potentially stigmatizing statements about “illicit drug use” in the area, without more, do not meet that standard for me.

Generally, a public boat launch is intended to remain open and accessible for its designated purpose. While the adjacent fire department may temporarily restrict access during an active emergency or for immediate safety reasons, it should not routinely or permanently block public access without clear legal authority or formal approval. I support your request to restore consistent access and to have the locked chain opened unless and until there is a properly authorized, safety-based reason for a temporary closure. I also believe this issue warrants a formal review so that expectations, authority, and access rules are clearly established and communicated to the public. I will request that this matter be placed on the Select Board’s agenda for further review.

If you and other residents choose to pursue this through a petition or request through the formal petition process, I would support and encourage that approach as a constructive way to resolve the issue. Last year, the Select Board adopted a policy allowing for electronic petitions, which I have attached here for your convenience.

Thank you again for bringing this to my attention.

Kind regards,
Dina M. Favreau

Hello Select Board!

I wanted to make you aware of an issue small boaters and kayakers are experiencing in town. Please see the below email chain. One day Chief Cole says yes the boat launch can be used and the next he says no. It is not a FD owned and operated town boat launch. Is there any possible way the residents can regain access to this area and have them remove the locked chain? Residents have cut the lock in the past.

Should a petition be established and put through the appropriate processes for this?

Thanks for your time,
Rick Gordon

Ann Marie,

Thanks for your quick response. I will share it with other interested residents. Although that is not a response most residents in this area will like to hear as we are being punished for something out of our control in which the police could be patrolling more if that is truly a problem location of drugs and illegal dumping. Cameras can also be put in place. There is enough local support in the neighborhood to petition to have the launch path reopened without barriers. I have a small plastic 10 foot boat the size of a kayak that I can still maneuver over or under the chain. I will not be notifying the FD when I wish to use the path. Will my vehicle be allowed to park at the station obviously out of the way of the entrance and any areas of FD use? A combination lock should be in use and given to those residents that wish to freely use this public launch. This would have similar results if it being chained at the time now. I can understand no trailered boats but that is a long walk for kayakers. The launch was not put in place just for FD use to access the river in this portion of town. The FD should not be given the responsibility of choosing who and when to open the path up to. Can a combination lock be implemented if the chain is to remain?

Hello Rick,

Once again, thank you for your patience. I have had the opportunity to confer with the appropriate staff, and the following constitutes our formal response regarding access to the Concord River launch at the E-2 Fire Station on Lowell Street.

Please be advised that this access will remain open to the public for pedestrian use only for recreational purposes, such as kayaking. At this time, there are no plans to remove the existing rope, chain, and lock. These measures were implemented in response to ongoing issues with illegal dumping and illicit drug activity in the area and are intended to deter such behavior.

You indicated that the Fire Department has, on occasion, opened the gate for you and others in the past. While this has been done as a courtesy, such access has never been guaranteed, should not be considered consistent, and cannot be relied upon in the future.

You also noted that the fire station is expected be vacated at some point in the future. When that occurs, we intend to formally evaluate the wetlands area to determine its suitability for vehicular access. Any decisions regarding future use will be made based on the findings of that evaluation.

Thank you for your understanding, and please feel free to touch base with me for updates in the spring.

Sincerely,

Ann Marie

Hello and Happy New Year,

I am a resident of North Billerica and would like to be able to access the Concord River launch by the E-2 fire station on Lowell Street. This was a public boat launch site I have used in years past but is now chained and locked by the fire station personnel. I have emailed Chief Cole and he has said that it is open to the public and I should be able to remove the rope but it is chained and locked. Another resident has also inquired to Chief Cole and he said the FD is not responsible to open and lock the chain to people requesting access and that they closed

It off due to illegal dumping and other reasons. Residents on a Billerica facebook boating group have said that fire station staff will unlock it upon request. This would cause an issue to those coming back from a river trip to a locked path while the station is on a call or for those that wish to use the access path early while they are sleeping. This is the only access to this portion of the river in town past the Faulkner Dam. The station will have no personnel present when the new station is built. If this river access is to be locked for reasons unknown to me could the town use a combination lock for residents? I would love to be given a definitive answer for public use of this Concord River access site in town.

Thank you for your time,

Rick Gordon
